USECA Meeting Minutes

Board Meeting—March 3, 2008

In attendance:

Tom, N8ZI	President
Alec, NF8X	Vice-President
*Ann, KT8F	Recording Secretary
Dennis, W8DFG	Treasurer
Joe, N8OZ	Membership Secretary
*Walt, WB8E	Board Member
Ray, K8RDJ	Board Member
Ken, N8UO	Board Member
Chuck, N8ZA	Past President
*Absent	

Note: Call signs of Board members are not listed below in the minutes, see above.

Meeting called to order by the President at: 7:25PM.

Motion to accept the minutes of the last BOD meeting made by Dennis, supported by Ken motion carried.

Membership: Joe – 130 members with BOD approval of 2 new members.

Treasurer's report provided by Dennis. Motion to accept made by Alec and supported by Ray motion carried.

Web master report provided by Alec. No Report.

Trustee: Dennis W8DFG – MARC meeting past weekend.

Old Business:

Plan to purchase radio for raffle.

New Business:

Rob KD8ENP: Propose club project "Handi-Finder"

Motion to adjourn the meeting made by Ken and 2nd by Dennis motion carried, meeting adjourned at: 8:22 PM.

Respectfully submitted,

Alec Beardsley, NF8X, Acting Recording Secretary

Eat B 4 U Meet

The crack kitchen crew will be featuring, for a small nominal fee of course, Pulled Pork Sandwiches, with Fries and Cole Slaw. We will start serving at 6:00PM.

Dennis, [W8Dah](#) [Food Guy](#)

ISS

Leonard, N8YBY

MAKING A CONTACT with one of the crew members aboard the ISS (International Space Station) is lots of fun. Listen first on the down link frequency before trying to contact them. If they are engaged in a school contact DON'T throw out your call sign. It takes over one year for the school and the amateur radio club to be approved so don't ruin it for the students & school.

When the astronauts are looking for casual contacts the frequency used is 145.800 MHz downlink and 144.490 MHz for the uplink. If your rig can't handle this odd split frequency you can program the uplink frequency into one memory channel and the downlink into another memory channel and switch between the two memory channels for transmit and receive. On occasion the ISS switches over to cross band repeater mode. The down link frequency is 145.800 MHz and the uplink frequency is 437.800 MHz. All of the above frequencies use the FM mode. You can go to the AMSAT web site for pass times and crew schedule for the ISS. If you make contact with the ISS and need a QSL card, the ARRL handles that.

Earliest Easter for the rest of our lives!

Easter is always the 1st Sunday after the 1st full moon after the Spring Equinox (which is March 20). This dating of Easter is based on the lunar calendar that Hebrew people used to identify passover, which is why it moves around on our Roman calendar. Based on the above, Easter can actually be one day earlier (March 22) but that is pretty rare. Here's the interesting info. This year is the earliest Easter any of us will ever see the rest of our lives! And only the most elderly of our population have ever seen it this early (95 years old or above!). And none of us have ever, or will ever, see it a day earlier! Here's the facts: 1) The next time Easter will be this early (March 23) will be the year 2228 (220 years from now). The last time it was this early was 1913 (so if you're 95 or older, you are the only ones that were around for that!). 2) The next time it will be a day earlier, March 22, will be in the year 2285 (277 years from now). The last time it was on March 22 was 1818. So, no one alive today has or will ever see it any earlier than this year! Isn't this amazing! Pass this info on to your children...great info for school!

Next Meeting — April 14

CLUB DIRECTORY

BOARD OF DIRECTORS

President	Tom Tincknell/N8ZI (586) 651-7239
Vice President	Alec Beardsley/NF8X (586) 873-8841
Recording Secretary	Ann Manor/KT8F (586) 751-3893
Treasurer	Dennis Gaboury/W8DFG (586) 465-7126
Membership Secretary	Joe Kennedy/N8OZ (586) 977-7222
Board Member	Walt Gracey/WB8E (586) 777-2954
Board Member	Ray Anderson/K8RDJ (586) 979-4456
Board Member	Ken Riley/N8UO (586) 751-4949
Past President	Chuck Perushek/N8ZA (586) 557-4983

The Editor is:

Still Going

Joe, K8OEF

Yes, I know, Easter is in March this year; but, I just couldn't ignore the article on Page 1 that explains why this holiday keeps changing so much from year to year. So everything you wanted to know about that subject, and were afraid to ask, the answer is there! I didn't want to keep that information until next Easter so here it is in the April edition; better late than sorry.

73 for now.

Membership

Joe, N8OZ

"Anyone with any membership-related problems (like not getting your membership card) MUST get in contact with me—the Membership Secretary—as soon as possible.

Here is a new search engine for just Hams, thought it might interest you.

The *USECA EXPRESS* is published monthly (except July and August), by the UTICA SHELBY EMERGENCY COMMUNICATION ASSOCIATION, INC., of Macomb County, Michigan. Club meetings are held on the second Monday of each month (except July and August), 7:30 p.m., local time, at the Elks Club, 179 S. Main (between Church and Robertson), Mt. Clemens, Michigan. *Visitors are always welcome.* Articles for the *EXPRESS* should be submitted to the editor no later than the night of the club meeting for publication in the following month's edition. **The articles within are those of the author and not necessarily endorsed by USECA.** Material contained in the *EXPRESS* may be reprinted provided credit is given to the *USECA EXPRESS* and the author, except material published by permission of a copyright holder. The awards for "Excellent" (1994) and four times "Superior" (1995, 1996, 1997 and 1998) were received from ARNS (Amateur Radio News Service). [Note: ARNS has disbanded.]

USECA VE Testing

Testing will be the THIRD Monday of the month from September thru June. Joe, N8OZ, is the Contact VE. Pre-registration is encouraged. Test fee is \$14.00 cash (exact change only). Examinees need to bring Xerox copies of current license and un-expired CSCE's, if any. There is no copy machine at the test site. Official starting time is 7:00 PM. Walk-ins are welcomed. Test site is at the Mt. Clemens Elks Club (179 S. Main St. in Mt. Clemens). Other VE test sessions can be arranged—contact the Contact VE for details.

Attention Michigan Amateurs!

2008 MICHIGAN QSO PARTY

It's that time of year again! It's time to gear it up and get ready for the 2008 Michigan QSO Party.

The MiQP has something to offer for everyone and there is no shortage of reasons for joining in on the fun on April 19th, 2008.

Last year was a good year for the MiQP. Activity was up and we hope to do even better this year.

We hope to see an increase in activity within the traditional amateur radio clubs in Michigan. I think that most clubs are looking for special activities and the MiQP has some features that should be considered in filling this need.

This type of event is what it's all about. It is a group activity that can be a source enjoyment before, during and after the event! This year we will have the traditional categories such as Single-Operator, Multi-Operator and Mobile. But in addition to these, we are adding a new "Emergencies Operation Center" EOC category. This will provide an opportunity to brush up your clubs emergency operation skills and provide great training (and fun). This would also be a great opportunity to expose some of your newer members to emergency communications operations, but in a less formal environment. As you can see from the rules listed below, this is only a 12 hour event. Please consider getting on the air for the whole thing, or any portion of the 12 hour period. You can operate from home, portable, mobile or at the clubs EOC. With the support of mobile and portable stations, we plan on having activity in all 83 counties.

Last but not least, we ask those of you that have participated in the MIQP to please help us get the word out and encourage other Michigan hams and radio clubs to participate and join the fun. See <http://www.miqp.org> for more details and the rules!

Date/Time: Michigan QSO Party, sponsored by the Mad River Radio Club, from 1600Z April 19th until 0400Z April 20th. Stations may operate the full 12 hours. (12 noon to 12 midnight local Michigan time on April 20th)

Modes and Categories: Phone and CW on 80/40/20/15/10 meters. Single-op, multi-op, mobile and Emergencies Operations Center (EOC) categories. Single-op entries are categorized by output power, QRP (5W or less), Low Power (100W or less), and High Power (greater than 100W).

Multipliers: Work stations once per band and mode. Work other states and Michigan Stations. MI to MI QSO's are allowed. Work portables and mobiles again as they change counties, state or province.

Exchange: Exchange QSO number and location (county for MI stations, state/province or "DX" for others).

Scoring: One point per phone QSO, two points per CW QSO. Count multipliers once per mode. Multipliers are MI counties for all entries, plus states & provinces for MI entries only. Final score is total QSO points times total multipliers.

Freqs: Suggested frequencies: CW-3545, 7045, 14045, 21045, 28045; Phone-3800, 7200, 14250, 21300, 28450.

Log Submittal: Mail logs no later than 30 days after the contest to: Mad River Radio Club, c/o Dave Pruett, 2727 Harris Road, Ypsilanti, MI 48198 or via e-mail to logs@miqp.org

More Information: For complete rules, along with free logging software, log and summary sheets, see <http://www.miqp.org>

Meeting Minutes—From Page 1**General Meeting** —March 10, 2008

In attendance:

Tom, N8ZI	President
Alec, NF8X	Vice-President
* Ann, KT8F	Recording Secretary
Dennis, W8DFG	Treasurer
Joe, N8OZ	Membership Secretary
Walt, WB8E	Board Member
Ray, K8RDJ	Board Member
Ken, N8UO	Board Member
Chuck, N8ZA	Past President
*Absent	

Meeting called to order by the President at 7:33 PM.

Introductions were made, new members, visitors and upgrades recognized.

Motion made to accept the minutes as printed in the Express made by N8XO and 2nd by KD8GZE, motion carried.

Treasurer's report given by Dennis, W8DFG. Motion to approve made by KD8ENP and 2nd by W1IK, motion carried.

Membership: Joe, N8OZ; 130 Members.

Webmaster: Brad, N8VI; Still working.

Express: Joe, K8OEF; None.

Technical report: Jim, W1IK; Work progressing on new controller. Two weeks.

ARRL Liaison: Bill, N8SA; None.

Trustee report: Dennis, W8DFG; None.

Field Day: Steve, N8XO; 14 Stations so far.

Health & Welfare: Walt, WB8E; None.

Inter-Club Liaison: Paul, AA8OZ; None.

Swap: No Chair; Volunteers Needed.

Old Business:

Rob, KD8ENP: Signups for Handi-Finder Club Project. \$30 per person.

Tom, N8ZI: ISS Contact with Armeda public schools in about 2 months.

Motion made by W8DFG to release donation for antenna purchase for ISS contact. 2nd by Betty, N8SIH. Motion carried.

New Business:

None.

Thanks to for running tonight's foxhunt prior to the meeting. Thanks to Walt, WB8E and crew for providing tonight's eat-before-you-meet dinner.

58 members and visitors were present.

Business portion of the meeting concluded at: 8:09pm

Tonight's program provided by Bob KZ8N

Respectfully submitted,
Alec Beardsley, NF8X; Acting Recording Secretary

[A Blast From The Past—February 2005]

You Know You're a Ham if:

You buy electrical black tape in ten packs.

You've stripped wire with your teeth.

You've told your son that, "One day, all this will be yours," and he doesn't respond.

You'd rather help a buddy put up a new tower than mow the lawn.

You've grabbed the wrong end of a soldering iron.

You start giving out RST reports when you are on the telephone.

The propagation forecast means far more to you than the local weather forecast.

The microphone or visual aids at a meeting don't work and you rush up to the front to fix it.

You tell the XYL, when she notices a new rig in the shack, why that has been there for years.

Your watch is set only to UTC.

At night, when you pray, it starts off something like: CQ CQ CQ GOD DE (your callsign).

You ever had to patch your roof after an antenna project.

Ham radio magazines comprise more than 50% of your bathroom library.

You ever put a GPS tracker in the XYL's car, just so you could watch her on APRS.

You and the XYL took a cruise so you could visit the radio room.

You ever tapped out HI in Morse on your car horn to another ham.

You ever had an antenna fall down.

Your teenager refuses to ride in your car because it looks like a porcupine.

You know the Latitude and Longitude of your home QTH.

You go into the local Radio Shack store and the clerk asks YOU where something is.

CONTACT LAURA — (586) 749-4561

FOR SALE

TenTec Argonaut V 516 – Model 516F-TCXO is TenTecs latest mini radio, 20W out, 100 memories, does all HF bands including 60M, CW/SSB/AM/FM, general coverage rx, IF DSP filtering with Pass-Band and Bandwidth adjustable 3000-200Hz with 6000Hz on AM (no filters to buy!), TCXO for freq stability, SWR/S/Watt meter, built-in cw keyer, cooling fan, manual, mic, more info and pics at: <http://radio.tentec.com/Amateur/Transceivers/TT516>; \$695.

Kenwood TR-2500 – 2M HT, 5W, no battery but has cigarette lighter plug battery-pack by-pass thingie, LCD digital display, PL encode board inside, this HT not for sale but free to use for a month for any newly licensed ham radio operator who needs a temporary rig! UPDATE: On loan to WB8E at the moment. Stay tuned for availability.

Philips TrenchMOS FET – BUK9508 55A N-channel enhancement mode FET transistors, 55 Vds at 125 A (Id), TO220AB case, have 30 of them in an anti-static sleeve, eBay sells for \$2.55; Buy whole sleeve for \$40.

TrippLite PR-40 – DC power supply, 13.8VDC, 40A, no meters, ¼" lugs on back; \$100.

Power Supply – switching PS, 12-15 VDC, 16A, works, you wire it up; \$20.

Optimus 33-3021 – Uni-Directional Microphone, black, on/off switch, cord; \$20.

ElectroVoice 634A – microphone, short cable; \$5.

Archer Video Selector – Radio Shack Cat# 15-1261, has 7 F-connectors on the back, couple switched up front; \$5.

Archer Special Effects Switcher – Radio Shack Cat# 15-1274, 110V; \$5.

Heathkit Assembly Manual HX-10 – good condition, appears complete; \$10.

Heathkit Manual Deluxe SWL Receiver GR-54 – poor condition, may be complete; \$5.

Heathkit 1984 catalog – good condition; \$5.

Micronta Power Supply – Radio Shack Cat# 22-124, 12VDC, 2.5A, manual; \$10.

Realistic WX Radio – Radio Shack Cat# 12-156, pocket weather radio, built-in telescopic antenna; \$10.

BUD Filter LF-601 – variable low-pass filter, SO-239 PL-type connectors, 5 adjusters; \$20.

Meissner 15-7510 – "Wave Trap" (filter), 6Mc to 13Mc, for ladderline; \$10.

Optimus AM/FM – Radio Shack Cat# 12-794, pocket radio, works; \$5.

Adaptor – RCA-style to PL style (SO-239), have a few; \$1.

Dummy Load – "twin tower" dual massive ceramic resistors, looks like 50+W easy; \$15.

NEC Computer Monitor – model XV17+, 17" color, works; \$50.

1N3085 – huge 100V 150A recovery diodes, have one left; \$10/each.

CB Antenna – about 26" long, base loaded, base load is tunable w/2 adjustment rings, 3/8" style mount; \$5.

Cell Phone Mobile Power Cord – for cell phone with 4.8V battery, DC coaxial plug on phone end; \$5.

Wall Warts – various voltages, email with needs; \$2 to \$5.

Duckies – UHF duck about 6" with BNC, \$5; dual band 2M/440 "Icom" style about 6" with BNC, \$15; 11 Meter black rubber duck with right angle PL259, \$5.

K-40 10/11M Whip – 4' fiberglass, black, tunable, substitute for original K-40 stainless whip & base load, no mount or coax just the antenna; \$5.

K40 -- 10/11M base-loaded antenna with SS whip, no base for it just antenna; \$5.

Regency CB-501 – 40 ch CB radio, with mic, "as is"; \$5.
