Know Your Privileges!

Misconceptions Abound Regarding Tech HF Privileges (Mar 20, 2007)—Some Technician licensees who gained new privileges February 23 remain unaware or uninformed as to what they may and may not do on the HF bands, says ARRL Regulatory Information Specialist Dan Henderson, N1ND. In addition to all Amateur Radio operating privileges above 50 MHz, Technicians who never passed a Morse code test now have CW privileges on certain segments of 80, 40 and 15 meters plus new CW, RTTY, data and SSB privileges on certain segments of 10 meters. And that's it. "Know your privileges," Henderson advises all Amateur Radio licensees. He says some Technicians apparently believe their new HF phone privileges go far beyond what they really have.

Still Going

Joe, K8OEF

Please take note: The March Meeting minutes finally showed up and are now in this edition. (Better late than never.)

Can sad get sadder? Can small get smaller? The entire editorial staff was in awe at the size of the current *Express*. What could be worse? Well, had the March minutes not been received this edition would have been *smaller!* Don't believe me? Well, when is the last time you saw the meeting minutes on page 1.

Since gasoline is skyrocketing (again), I hope you had the opportunity to read an "On The Cheap" article—April 2006, page 2 for the best gasoline prices. I hear on the repeater, people driving around comparing different prices—shop where I shop and save four percent per gallon; and for the first 60 days you can get an eight percent discount per gallon from Speedway. Do the math! Eight percent off when it hits \$3.00/gallon, you'll save 24 cents per gallon. Why are you throwing away your hard earned money? If you can get a better deal, please let me know. (Ok, time to get off my soapbox.)

One more edition and we are all off for our annual 2-month vacation.

73 for now.

The *USECA EXPRESS* is published monthly (except July and August), by the UTICA SHELBY EMERGENCY COMMUNICATION ASSOCIATION, INC., of Macomb County, Michigan. Club meetings are held on the second Tuesday of each month (except July and August), 7:30 p.m., local time, at the Elks Club, 179 S. Main (between Church and Robertson), Mt. Clemens, Michigan. *Visitors are always welcome.* Articles for the *EXPRESS* should be submitted to the editor no later than the night of the club meeting for publication in the following month's edition. **The articles within are those of the author and not necessarily endorsed by USECA.** Material contained in the *EXPRESS* may be reprinted provided credit is given to the *USECA EXPRESS* and the author, except material published by permission of a copyright holder. The awards for "Excellent" (1994) and four times "Superior" (1995, 1996, 1997 and 1998) were received from ARNS (Amateur Radio News Service). [Note: ARNS has disbanded.]

Meeting Minutes—from Page 1

Motion to adjourn the meeting made by W8DFG and 2nd by KW8Z; motion carried, meeting adjourned at: 08:45 PM.

Respectfully submitted,
Tom Tincknell, N8ZI
Acting Recording Secretary

*Absent

Meeting called to order by the President at 7:30 PM.

45 members/visitors present at the meeting.

Introductions were made, new members, visitors and upgrades recognized.

Correspondence read by Ann, KT8F. Contact the Board if you are interested in vision care discounts through SVS that provide the club with extra income. Information provided on the Cadillac Amateur Club Swap, to be held 5/5/07 at the Cadillac Junior High School. Contact nu8l@arrl.net for more info.

General Meeting minutes from 3/13/07 were not published and were therefore read by Dennis, W8DFG. Motion made to accept the minutes as read made by Steve, N8XO and 2nd by Jim, WY8I, motion carried.

Treasurer's report given by Dennis, W8DFG. Motion to approve made by Tom, W8TRC and 2nd by Joe, N8KA, motion carried.

Membership: Ken, KW8Z: 149 current members.

Website: Brad, N8VI – informational updates will be made on the site in the next couple of weeks. Site address: www.useca.net

Express: Joe, K8OEF - no report.

Technical report: Jim, W1IK – stated that problems continue with the controller. Jim requested that a motion be made by membership to approve the sum of \$1300.00 for the purchase of a new controller and associated equipment. The motion was made by Phil, W8IC, seconded by Jerry, KA8D. Discussion. Vote taken, motion passed.

Field Day: Steve, N8XO stated that we have 9 stations so far. You have first rights to take the same station you chaired last year. If you do not request to take the station, it will be freed up for others to chair by the end of the May

General Meeting. Requested that anyone interested in chairing a station, see Steve. New rules were discussed.

Health & Welfare: card provided for members to sign for N8UA.

ARRL: Bobby. USECA Express voted #3 best in our division. Reported on other current events.

Old Business: None.

New Business:

Walt, WB8E is currently taking orders for this year's T-shirts. T-shirts: \$8.00, sweatshirts \$12.00.

Pre-Field Day: Ann KT8F stated that reservations have been made at Stony Creek and the event will take place on Saturday, May 12. The club will provide hot dogs and hamburgers. We request that you bring a pass-a-dish. The site is the same as last year – Gladeview A picnic area, turn right at the entrance to the park, first picnic area. Bring your own radio equipment to experiment with and/or try out other ham's radios.

Walk-America: Dennis, W8DFG provided information on the event to be held at Metro Beach on Sunday, April 29. Please contact Dennis if you are willing to help out providing communications. Chuck, N8ZA, will head a special event station.

Special event: Chuck, N8ZA informed us that USECA will be participating in the activation of the museum ship Bramble (Coast Guard Cutter) on June 9-10 in Port Huron. Larry, W8SOX is the chairman of the event. The special event call sign is W8B. Contact Larry if you are interested.

Chuck, N8ZA provided updated band plan posters for those who attended tonight's meeting, courtesy of ICOM.

Thanks to Jim, KC8WXF for running tonight's foxhunt prior to the meeting. Thanks to Walt, WB8E and crew for providing tonight's eat-before-you-meet dinner.

The business portion of the meeting concluded at 8:35 PM.

The program provided by Brad, N8VI on digital voice over HF and VHF.

Respectfully submitted,
Ann Manor, KT8F
Recording Secretary

USECA VE Testing

Testing will be the THIRD Monday of the month from September thru June. Joe, N8OZ, is the Contact VE. Pre-registration is encouraged. Test fee is \$14.00 cash (exact change only). Examinees need to bring Xerox copies of current license and un-expired CSCE's, if any. There is no copy machine at the test site. Official starting time is 7:00 PM. Walk-ins are welcomed. Test site is at the Mt. Clemens Elks Club (179 S. Main St. in Mt. Clemens). Other VE test sessions can be arranged—contact the Contact VE for details.

2007 Pre-Field Day Picnic

Date: Saturday, May 12, 2007

Time: 10 AM till? (Lunch served around 1 PM.)

Place: Gladeview A Picnic Area, Stony Creek Metro Park. (Same as last year—the first picnic area on the right after you enter the park.)

Once again it is time for our annual pre-field day picnic at Stony Creek. This is a great day to meet and socialize with your friends, make new friends, play radio, and enjoy a feast.

You are encouraged to bring and set up your radio station. We have had as many as 7 or 8 stations at this event, more than many other clubs have at their actual Field Day. It is a good opportunity to tweak your station and antenna, get on the air, find any potential problems, check the SWR etc. and make contacts. If you do not have a radio, you should certainly be able to do some operating and gain experience at someone else's station.

We have a sheltered pavilion reserved at Gladeview A, so don't be concerned if the weather is not optimal. You know...*May in Michigan?* Be advised, a request HAS been made for a warm, sunshiny day. In any case, we have had a lot of fun in years past in inclement weather

and will, as usual, be prepared with a supply of Visqueen. Modern, clean restrooms are nearby.

Food will be set out in the afternoon. Leo, KW8J, our Grill Master Par Excellence, will commence to start grilling after 12 noon. The burgers and dogs, (provided by USECA) should be ready to start coming off the grills around 1 PM. We request that you bring a pass-a-dish of some sort, so that we will have the usual outstanding and varied feast to enjoy. Condiments, plates/forks etc. will be supplied. Please bring your own beverages.

Lawn chairs are a good idea, and you can also bring other toys such as kites, skates, volleyballs, etc. You do not need to be a member of USECA, or even a ham, to attend. Friends and family are very welcome.

There will be foxhunts (on foot) for fun—Phil, W8IC will bring out a transmitter to be hidden, several hand-held DF set-ups, and show how to use them. It is a lot of fun to trek into the woods...or wherever...(not telling!)—and find the hidden transmitter!

We are hoping for a nice turnout and hope to see YOU there!

73—Ann, KT8F and crew.

STAY RADIOACTIVE!

[A Blast From The Past—February 2006]

S.A.D.

By Dick Arnold, AF8X

HAVE YOU EVER noticed how good you feel when the sun is shining? I know when you walk out into the summer sun you almost have to smile.

S.A.D. or Seasonal Affective Disorder is a malady that most of us who remain here in the Northern states during the winter months suffer to some extent. Science tells us sunlight is an important part of our lives and its deprivation can cause mild to serious symptoms of depression.

Symptoms of depression (excessive eating and sleeping, weight gain) during the fall or winter months are likely to be the result of S.A.D. Treatments includes spending as much time in the outdoor light as possible or exposure to specially designed light boxes.

What has this got to do with ham radio? Well maybe the reason Joe Ham is depressed isn't because Mrs. Ham denied him a new rig for Christmas, or Bill Yagi has been moping around after spending

hours on end in his basement shack lit only by a dim overhead bulb.

I have experienced the effects of S.A.D. and was surprised to learn the cause. Now I try to spend as much time as possible soaking up that December to March sunlight and when indoors I try to keep the rooms brightly lit. This has helped me and like the Sparrows who stay and tough out the Michigan winters, I survive.
